See what's covered

Eye exam

Your plan includes a fully covered exam, subject to a copayment.

Your plan uses the UnitedHealthcare Vision Network. You'll get the most value from your coverage when you see any provider in this large, national network of eye doctors, optometrists and ophthalmologists. You may visit a local doctor or a well-known retail provider. Find a provider at myuhcvision.com.

Frame allowance*

When you use a network provider, you can spend a frame allowance to help buy any frame your eye doctor offers. You get a discount on any cost over the allowance amount.

Contact lens benefit*

You may have coverage for a fitting and follow-up visits depending on your plan design and lens choice. Log in to myuhcvision.com to learn more about your specific benefit.

Lens options*

Popular lens options like UV protection or anti-reflective coating are available to you at price-protected amounts. Plus, standard scratch coating and polycarbonate lenses for dependent children are available at no cost.

Additional pairs of glasses*

Receive a 20% discount on additional pairs of eyeglasses, including prescription sunglasses.

*Plans may vary. Check your coverage at myuhcvision.com to verify benefits.

Take steps to protect your eyes — and your overall health

1 Find an eye doctor in your network

When it comes to shopping for eye care, you've got plenty of choices. The UnitedHealthcare Vision Network has over 120,000 access points for care nationally, from local doctors around the corner to large retail chains.*

Log in to myuhcvision.com to search by provider name, specialty or location.

2 Schedule your eye exam

Regular visits to an eye doctor can help keep your eyes healthy and improve your overall health.

Get a complete eye exam

A dilated exam lets your doctor look inside your eye and check your eye health. The exam can also show early signs of conditions like diabetes or high blood pressure, even before other parts of your body are affected.

At your appointment, be sure to:

- Tell your doctor you have a UnitedHealthcare Vision plan
- Give your name and date of birth

You don't need your ID card to use your benefits. If you want an ID card, you can print it from your computer or save it to your mobile device at myuhcvision.com.
