1992	38.21	37.99	87.42
1991	34.71	34.29	91.91

"MILLAGE" or "MILL Rate"

A mill is one one-thousandth (1/1000) of a dollar.

In property tax terms, a mill is equal to \$1.00 of tax for each \$1,000 of assessment. For example, 29 mills = \$29 for every \$1,000 of assessed value, or 2.9%.

Tax liability can be calculated by multiplying the taxable value of the property by the mill rate and then dividing by 1,000.
