

City of De Pere

2014 Spring & Fall Leaf Collection April 14 thru April 25 October 13 – November 14

During this collection, only grass clippings; lawn rakings and leaves will be collected at curbside. Yard waste for collection should be placed on the terrace behind the curb. Bagged leaves will not be picked up. Yard waste collection crews follow specific routes throughout the City. A complete cycle of the City will take approximately once a week, however, due to leaf volume, we are not able to set a schedule and calling the City will not hasten your leaf pickup. If you choose to get rid of your leaves yourself, you may take them to De Pere's Compost Facility. Use of the site by De Pere residents is at no cost. Contractors, Landscaping Companies and businesses can purchase a yearly permit at the Municipal Service Center, located at 925 S. 6th St in west De Pere, M-F, 7:30am – 4:00pm. The cost is \$100 for each permit and a sticker permit needs to be affixed to all vehicles using the compost site. See the Compost Site document on our website for more specific information at www.de-pere.org.

Residents are reminded that raking leaves into the street increases pollution of storm water, may cause flooding by blocking drainage structures, and reduces the efficiency of the leaf collection machines. But most importantly, piles of leaves in the street become a dangerous attraction to young children.

***** BRUSH cannot be placed at the curbside for pickup until the designated weeks of May 5-9, July 7-11 and October 6-10, 2014. Reminder - your brush should be placed out to the curb no later than 7am on Monday of the designated collection weeks.**
