RE: Public Information Meeting – Alley Reconstruction
Alley North of Main from Third Street to Fourth Street

Dear Resident/Property Owner:

Please join the Engineering Division and Development Services to discuss the anticipated reconstruction of the alley north of Main Avenue between Third Street and Fourth Street. Reconstruction is also anticipated on Fourth Street and Third Street north of Main. The purpose of this meeting is to gather input from residents and property owners on potential improvements. Staff will be looking for input on parking layouts, pedestrian facilities, and other potential amenities.

This work is being done in preparation for the Main Avenue reconstruction which is scheduled in 2028. Access to the front doors of properties along Main Avenue will be impacted during this project. Additionally, the city will be completing utility relays on Main Avenue in 2027. The alley may be an important component to maintaining access to your property/business during these construction projects.

The meeting will be held virtually and in-person at 1:00 PM on Tuesday, July 23, 2024. To attend in person, please join us at:

City of De Pere Municipal Service Center
925 S. Sixth Street
De Pere, WI 54115

If attending virtually, please join the meeting from your computer, tablet or smartphone using the information provided below.
