Employees should follow the guidelines below during holiday weeks:

- When holidays fall (or are observed) Monday-Thursday, employees are paid 8 hours (pro-rated for part-time employees) for holidays, but employees working hours of operation work 9 hours Monday-Thursday. Employees will be allowed to make up the difference in that time the same work week to keep their weekly hours the same, use vacation, floating holidays, or comp time, or take that time unpaid (an exception to the voluntary unpaid leave program). Exempt employees are still expected to have at least 80 hours during each pay period.
- When an established holiday falls on a Friday, the hours of operation will shorten by the difference of paid holiday time and the hours normally worked on Fridays. For example, if the 4th of July falls on a Friday, employees are scheduled to work 4 hours on Fridays, but are paid 8 hours for holiday pay. Therefore, City Hall would close 4 hours (the difference between the hours of operation and holiday pay) earlier the day prior to the holiday, which is July 3rd.
- Employees working an alternative work schedule should work with their supervisor to flex their hours during holiday weeks to keep themselves whole.
