No tree orders are accepted if curb & gutter and landscaping are not in.

Our department will be placing stakes in the parkway where trees will be planted approximately one to two weeks prior to planting - approximately late April & early May - depending on availability and weather. The Forestry Department will call Digger's Hotline to locate underground utilities.

It is imperative that after the stakes are placed in the ground they are not moved.

For questions or concerns with placement, call the **Forestry Department @ 920-339-8362** between 7:00 a.m. and 3:30 p.m.

Note: Trees must be placed 35' to 40' apart (including established trees already in the terrace) and 30' from street curb intersections. You must stay 10' from water hydrants, water lines, gas T valves, driveways; 5' from adjacent property lines; and a minimum of 20' from streetlights. If you have a question on how many trees can be planted in the parkway, please call the **City Forester, Don Melichar, at 920-339-8362**. *If there are overhead power lines the only varieties allowed would be [Prairiefire Crabapple](#) or [Ivory Silk Japanese Tree Lilac](#).* If there is a concern with either the species or the number of trees you have ordered, we will contact you and a refund will be mailed. Orders are taken on a first-come, first-ordered basis when a species of tree is limited in number **so please be sure to indicate your second and third choices.**
