De Pere Common Council will decide soon on zoning code updates

DE PERE, WIS. – A rewrite of the Zoning Ordinance is under review in the City of De Pere and a decision will be made soon. The intent of updates is to keep properties in their proper zoning categories while adding updated flexibility to homeowners for the use of their personal property.

There will be a public hearing on the issue at the Dec. 20 De Pere Common Council meeting. From there, that same night, alderpersons will potentially make a decision whether to approve the new Zoning Code.

Previous to this upcoming Dec. 20 meeting, the Plan Commission reviewed the zoning code draft in November and the Common Council held discussion on the matter at its Dec. 6 meeting.
